Parliament Speeches

This week I had the pleasure of listening to our candidates for our 2015 Student Parliament. I was impressed by the high standard of candidates and the confidence they had in addressing their peers.

I would be very confident that anyone of the candidates would do a sterling job as a student representative in the parliament. I am sure the rest of the students found it a difficult task to select their two preferred candidates.

Thanks to Mr Krisher for his organisation of the elections. Thanks you to parents for their support of the candidates.

Basketball

Last week our girls’ and boys’ basketball teams played in the Central Coast All Schools Competition. Both of the teams won through to the finals with the girls winning and becoming champions and the boys losing a hard fought final.

Tryathlon Launch

This week we had a visit from Kyal and Kara from The Block TV Show and the team from Weetbix to launch the Central Coast version of the Tryathlon.

Students in Years 2 -6 listened to information about the Tryathlon and then had the opportunity to ask questions of Kyal and Kara. The real The Block adherents came to the fore asking some very specific questions about incidents on the show.

The media were also present and the link to the NBN TV coverage is below. I also expect an article in the Central Coast Express tomorrow.

For more information about the Tryathlon you can visit:

CITIZEN OF THE WEEK

The Citizen of the Week this week is Zoe Smith from KG. Zoe is a considerate and kind class member. She approached tasks both in and out of the classroom with maturity. Zoe is a hardworking student with a great sense of humour. She respects her peers and is a friend to all. She upholds the values of Terrigal Public School in every way. Well done Zoe!
**CRUNCH AND SIP SNIPPETS**

Allow hard peaches or nectarines to ripen at room temperature, then store in the refrigerator once ripe. Pack a paper napkin or sheet of paper towel for your child if their Crunch & Sip peach is particularly ripe and juicy. Or cut into segments that will easily separate from the stone and put in a container.

Strawberries are a great source of vitamin C, which is an important nutrient to help fight disease. Be sure to pack them in a container or the lunchbox so that they don’t get squashed.

**YOU CAN DO IT PROGRAM**

The students have been learning about The Nine Values of Good Character. These values include Caring, Doing your Best, Fair Go, Freedom, Honesty, Doing the Right Thing, Respect, Responsibility and Accepting Others.

Over the next couple of weeks the ways in which we can develop these values will be published in the newsletter.

This week we will talk about Caring, Doing Your Best and Fair Go.

**Caring** means caring for yourself and others. Examples of caring include speaking to someone who seems unhappy, helping classmates and eating healthy food.

**Doing Your Best** means trying hard to do your best at all times. Examples of Doing Your Best include practising your reading every day, choosing to behave well and using your best handwriting in your books.

**Fair Go** means being fair to others. Examples of Fair Go include: making sure everyone has a turn and playing by the rules of the game.

There is widespread agreement that the eating habits of Australian children are directly or indirectly leading to serious health problems. I have devoted the last ten years to formulating a Kitchen Garden Program and overseeing its establishment in schools throughout Victoria. My commitment stems from a passionate belief that children will only develop positive attitudes towards a wide range of foods if they are introduced to the world of edible gardening, cooking and being with others around a table at an early age.

The aim of the Kitchen Garden Program is to pleasurably engage and educate young Australians in growing, harvesting, preparing and sharing delicious and healthy food, in the belief that these skills and understandings are essential to the development of lifelong joyful and healthy eating habits. The Kitchen Garden Foundation believes that behaviour is much more likely to change if an alternative is seen as pleasurable, positive and possible.

Each week children in Year 3 will spend forty minutes in an extensive vegetable garden that they have helped design, build and maintain on the school grounds. They will learn about plants, about seed saving, about water management, about compost and soil health and they will also learn about the seasons, about plant varieties, about ripeness and about the connection between care in the garden and flavour on the plate.

They will also spend 80 minutes each fortnight in a purpose-built kitchen preparing and sharing a variety of meals created from their produce.

The Stephanie Alexander Kitchen Garden Program relies solely on the generosity of others to implement the benefits of this Program. We are about to commence the implementation of the Program at Terrigal Public School. At the local school community level the Program relies on the community links they can establish with organisations and parents.

We are currently building a home style kitchen at Terrigal Public School. This is an opportunity for you to help our children gain a greater understanding and appreciation of the joys of growing and preparing their own fabulous food in order to influence their lifelong choices and ultimately their health.
At Terrigal Public School we are in need of the following kitchen items:
