GIRLS NETBALL TEAM

On Thursday, 29th May the senior girls netball team participated in the PSSA Gala Day at Wyong. The girls showed great sportsmanship in some tricky situations and represented themselves and the school admirably. The girls won against Gorokan PS and lost against The Entrance. I enjoyed taking such a fabulous group of girls away for the day. Congratulations. Miss Davies

New On-line Payment System

We are introducing a Parent Online Payment (POP) system to make it easier for parents to pay school costs. Parents can make payments using a Visa or MasterCard debit or credit card. The system will ‘go live’ on our school website from next Friday (13th June).

Parents can access the online payment system by going to our school website (from next Friday) and clicking on the “Make a Payment” Link. This link will take parents to a Westpac site where they can make payments directly to the school. Likewise we don’t share your personal details with Westpac so this means that each time you go to the POP site you’ll need to enter your details.

Items that can be paid include voluntary school contributions, excursions, sports, sales to students (such as the Year 6 jumper) and creative and practical arts activities (these include band, drama and dance). There is also a category called ‘Other’ this to cover items not covered in the previous headings, ‘Other’ can be used to make a complete payment of a school invoice. When you access the $ Make a payment you must enter:

- the students name, and
- class and reference number OR
- the students name, and
- date of birth.

These details are entered each time you make a payment as student information is not held within the payment system. There is also the option to enter the Student Registration Number and Invoice Number if you are aware of them, these are optional fields.

This is a secure payment system hosted by Westpac to ensure that your credit/debit card details are captured in a secure manner, these details are not passed back to the school. You have the ability to check and change any details of the payment before the payment is processed. Receipts can be emailed and/or printed.

Details of the payments are passed daily to the school where they will be receipted against your child’s account. As a receipt has been issued from the payment page a further receipt will not be issued by the school.

For any enquiries regarding the Online Payment process please contact the School Administration Office.

Athletics Carnival – Great Success

We held a very successful athletics carnival last Friday. The weather held off and allowed us to complete all events.

Congratulations to Mr Krisher on his organisation of the carnival (with the earlier assistance of Mrs Haines)

Thank you to the many parents that helped out during the day. Thank you to all staff for their work on the day, often without a break.
P & C Trivia Night

1. Which grows faster your toenails or your fingernails? (Answers at the bottom of my section)
2. Clint Eastwood has been nominated for four Academy Awards as best director. Name the four movies.
3. Michael Weatherly, Pauley Perrette, David McCallum are actors from which highly successful television series?

If you knew the answers to these questions then you need to get a table together and head down to Breakers Country Club next Friday night for the P & C Trivia night. Even if you didn’t know the answers come along and have a great night out.

**Friday 13th June @ 8.00 (Doors open at 6.30pm if you want to get together to have dinner).**

**At Breakers Country Club**

**Get a table of 10 together. $20 a head for two hours of great trivia fun.**

**Dress up or decorate your table in a Freaky Friday the 13th theme.**

**Starstruck**

Next Friday and Saturday our Starstruck dancers will be performing at the Newcastle Entertainment Centre. Our students will join students from across the Hunter and Central Coast to star in a spectacular show of dancing, singing and acting.

I will be attending to watch our dancers perform (Unfortunately this means I will miss the Trivia night).

**Disability Data Collection**

As part of the Federal Government’s Disability programs we are participating in the Nationally Consistent Collection of Data on Disabilities. This program seeks to, for the first time, collect data on students with a disability using a consistent definition and process. Previously Australian states used varying definitions and processes. This will allow the Federal Government to accurately assess the level of disability among school students and, hopefully, allocate appropriate funding to support these students.

Data is collected on all students with most being identified as no disability. Names are only used at a school level to identify the data needed by the Federal Government. When we send our data on to the Federal Government it will be school data and not individual data.

A letter was sent home a couple of weeks ago explaining the process. This is a reminder that parents can choose to opt out of the data collection. If you do not want your child’s data to be included you need to inform the school in writing.
**TAFE project**

Our TAFE partnership project is progressing well (although rain has slowed things today). The first pour of concrete occurred last week and some of the landscaping will occur over the next couple of weeks.

**Allergy Free Cake Stall – Thanks**

Thank you to Linda Jackson, Mandy Reid and Vicki Pope for their efforts in organising and providing items for the allergy-free cake stall last week. The money raised from the cake stall has been used to purchase an additional epi-pen for the safety of students with severe allergies.

**Trivia Answers**

1. Fingernails grow 4 times as fast as toenails.

2. Clint Eastwood was nominated as best director for Letters from Iwo Jima (2006), Million Dollar Baby (2004 - Won), Mystic River (2003), Unforgiven (1992 - Won)

3. Michael Weatherly (Tony), Pauley Perrette (Abbey), David McCallum (Ducky) are all actors in the NCIS series

**Terrigal Public School Student Absentee Note**

If your child has to be absent from school for any reason, including arriving late or leaving early school, legally we require an explanation. Absence Notes should be sent with the child the first day they return to school or within seven days. Failure to explain an absence within this time will be recorded as an unjustified absence on a student's record.

My child ________________of class was absent from school on the following date/s: ____________________________ for the following reason: ____________________________________________

________________________________________________________

Parent/ Guardian signature: ____________________________________

Once children are enrolled parents are legally required to send them to school every day that the school is open for instruction or participation in school activities, such as sports days. A small number of absences may be justified if your child:

- has an unavoidable medical or dental appointment (preferably these should be made after school or during holidays)
- has to go to special religious ceremony
- is required to attend a serious and/or urgent family situation (e.g. a funeral)
- is too sick to go to school, or has an infectious illness.
Enrolments are now being taken for children starting Kindergarten in 2015.

Please see our School Office for an enrolment package. Thank you.

Master Plan Update

What is the master plan? It is a design plan of the external school environment to guide the improvement and development of the outside of the school over the next 5-10 years. Basically it is a big wish list!

How did it come about? The P&C felt the school was looking very dated, and lacking good access and most importantly lacking interesting places for children to play. We initially just wanted to put some equipment in the top playground but were worried that without the school and education department on board we could spend our hard earned money on equipment only to find it needed to be moved to accommodate a demountable. Therefore we decided to look at the bigger picture.

How was it done? The Design Partnership, a professional local urban landscaping practice, met with the P&C and representatives from the school to look at the needs of the children and how the school environment could be improved. The resulting design plan covers many aspects such as access, play spaces, colours, light, and right down to the types of plants to be used.

Who decides what projects come first? The P&C has a Master Plan subcommittee that is chaired by the Principal and has equal representation from teachers and parents. The group meets regularly to prioritise projects and their planning.

How are these projects funded? Basically there is no Education Department funding for these projects. In order for the school environment to be improved we, as the school community, need to make it happen! The P&C fundraises with the Family Fun Fair, sausage sizzles, Mother’s and Father’s Day Stalls, the uniform shop, the canteen and events such as the upcoming Trivia Night. Having a professional plan helps us to gain donations and support from local businesses as well as apply for available grants.

Why does it take so long? In order to save funds, so that more projects can be completed, we try and do the simple work ourselves where we can. This can be hard to fit in with work and family life and anyone that has ever done home renovations knows projects always take longer and cost more than you think. Thank you to the parents and teachers who have helped at our working bees so far this year. Many hands make light work!

Where are we up to?

Slides in the top playground: these are almost finished. Some more carpentry and then preparing, mulching and planting the gardens around the slides and then we are done.

Chalkboards in top playground: These have been funded and installed by the P&C

Ena Street Project: this week an innovative joint project between the school and Hunter TAFE has commenced that will continue this term. Participants on the landscaping course will be starting to build a path from the Ena Street entrance to the school.

Recycling of felled trees: we are recycling the timber from the felled trees (as well as some mulch) for seats and play structures. The logs have to cure for a few months so please be patient whilst we wait for this. We are confident it will be worth the wait!

What can you do? If you have any particular skills that may help with our projects please let the school know. Please support our fundraising efforts when you can and look out for the working bees.

Helping children learn to manage anger

Children's angry behaviour is often difficult to deal with because it stirs up feelings of anger and annoyance in others. It can also frustrate parents and carers when anger is used to push them away.

Everyone feels angry at times. Parents and carers can help children learn how to cope with anger in positive ways by teaching them to be aware of feelings, to find appropriate ways to express them, and to identify and solve the problems or frustrations that lead to angry feelings.

Learning skills for understanding and dealing with anger will make it easier for children to solve problems, get help when needed and be more relaxed around others.
How parents and carers can help

Be aware of feelings
Children need to learn that having angry feelings is normal and okay, but that reacting aggressively towards others when you’re angry is not. Adults can help children become aware of feeling annoyed, frustrated, angry or furious by naming feelings. Learning to say “I’m feeling angry” or “I’m really frustrated” gives children a way to separate feeling angry from how they react.

Time to talk
Children often find it easier to talk in informal situations where they feel less pressure. Find a relaxed time to talk to children about feelings. Asking “What makes you angry?” can be a good way of starting a conversation about anger.

Find alternatives
Getting children to think through a difficult situation helps them develop problem solving skills. Asking “Is that what you wanted to happen?” or “What else could you have tried?” encourages children’s helpful thinking. Thinking of alternative solutions helps children plan different ways of reacting next time. Be sure to praise their efforts.

Have ways to calm down
When emotions are strong, it is easy to act without thinking. Encourage your child to take control and allow time for the emotions to subside. Walking away, using a quiet spot to think or doing something else like riding a bike or listening to music, are all activities that can assist in reducing strong emotions.
Free parent workshop in Gosford LGA

Understanding Bullying

Bullying in Australian schools is a huge concern for teachers, parents and students. While schools are promoted as a safe place for children and anti-bullying policies are in place, there is a gap in linking parents and school professionals to work together in understanding and providing early intervention.

This workshop will assist parents in identifying bullying, the different forms of bullying and what proactive strategies can be implemented. With appropriate support and intervention, the impact of bullying can be lessened and children can feel safe at school.

There will be 30 minutes at 12:30pm for open questions with Psychologist, Lisa Moore.

Your Presenter

Lisa Moore is a Registered Psychologist who has worked with children from birth to 18 years since 2001.

She has worked in Private Practice and provided counselling in schools across Sydney. Lisa supports her clients and their families with issues including anxiety, depression, behaviour management and bullying.

In addition to this, Lisa is a Presenter with Learning Links delivering programs to parents and professionals in the areas of Bullying, Resilience Building and other topics.
