Parent/Teacher Interviews

We value your participation in the education of your child and invite you to attend parent/teacher interviews. During the next few weeks interviews will be held for all classes. Separate information will be provided for students in the support unit (Mrs Martin, Mrs Hough and Mrs Knowles’ classes) about their review and IEP meetings.

These interviews are brief ten minute opportunities to ‘touch base’ with parents to provide information to parents, answer questions and receive information from parents. If you feel you require a much more detailed interview please contact your child’s teacher to arrange a separate time.

Parent/Teacher interviews for most teachers will be held on:

- Wednesday 30th July between 3pm and 6.30pm AND/OR
- Wednesday 6th August between 3pm and 6pm

Bookings for interview times will be made on-line through the following website:

If you are unable to book online please contact the school office or your child’s teacher via the diary and they will book for you. If you are unable to attend at these times please contact your child’s teacher, via the diary, for an alternate time.

Bookings open Wednesday 23/7 @ 10am and close Tuesday 29/7 @ 10pm.

Unfortunately, due to family commitments, not all teachers are able to complete the interviews at these times. Details for 4D, 3L and 5N are listed below and parents can book directly with the class teacher.

5/6L - Mrs Lester is on maternity leave and spoke to most parents prior to the end of last term, so 5/6L will not have interviews. If you have questions about your child please contact Mr Meldrum.

KM – Mrs McKay is on leave and will send a separate note home to her class parents to let them know about her arrangements when she returns.

I encourage all parents/caregivers to take advantage of this opportunity. If you have any questions please contact your child’s teacher via the student diary.

**P & C Meeting**

Our P & C will meet on Monday 28th July at 7.00pm in the Staffroom, all parents and caregivers are welcome to attend.

At this meeting the P & C will consider alternate school photography suppliers, have updates on the grounds masterplan and events planning. There will also be the election of a new Vice President following the position becoming vacant.
**Havenview Rd - Reopens**

I am hoping that Havenview Road will be open again by Friday morning.

Bus services will return to normal.

I want to acknowledge my teachers for the extra duties and extra responsibility they took on to ensure the safety of students during the closure of the road. The road closure required extra staff to be on-duty in the mornings and afternoons as well as the additional supervision of students to and from the buses on Terrigal Drive. Teachers willingly took on this additional workload without complaint and I appreciate their support.

**Commonwealth Games – Rae Anderson**

One of our ex-students, Rae Anderson, is currently in Glasgow representing Australia at the Commonwealth Games. Rae is the youngest athlete in the Australian Commonwealth Games team and currently attends Terrigal High School.

Rae will compete in the T37/38 Long Jump competition and we wish her well.

**AFL – Tony Lockett Shield**

Our boys’ AFL team won through to the quarter finals of the Tony Lockett Shield State Knockout on Tuesday after defeating Cherrybrook PS at Pennant Hills.

If you are unable to attend you are welcome to extend this invitation to your child’s grandparents or other family member to attend in your place.

The program for the visit will be:

- **11.30am** Parents welcome to visit their child’s classroom and join in an activity with their child and have a look around the classroom.

- **12.00noon** Parents move to the COLA area to watch some performances. (Students remain in their classroom).
  - Junkyard Orchestra

**Enrol for Kindergarten 2015**

We are taking enrolments for our 2015 Kindergarten classes. If you have a child eligible to come to school next year, or if you know of someone else intending to enrol their child, please ensure they have been in touch with the school to start the enrolment process.

**JULIE’S CORNER**

![Worry and Stress](image)

Everyone has little worries in their daily lives. These usually get sorted quickly and we forget them. Sometimes the worry is stronger. The same worrying thoughts keep coming back and make us feel bad. This is called STRESS.

**r u stressed?**

How many of these describe the way you feel?

- OFF FOOD
- CAN’T RELAX
- BAD TEMPERED
- UPSET TUMMY
- EATING MORE THAN USUAL
- NOT SLEEPING WELL
- CRYING LOTS
- STIFF NECK / SHOULDERS

**2** Feeling the strain - relax as soon as you can.

**2-6** A bit stressed - chill out now and talk to someone about your worries.

**6-8** Really stressed! - chill and tell an adult how you’re feeling right away.

**About Stress**

People say they’re “stressed” about all kinds of things – bad hair days or having to do chores. Real stress comes from things that are difficult to cope with. Chores are just annoying!

The New Mathematics Syllabus

The new mathematics syllabus is due to be implemented in all NSW schools in 2015. The syllabus was developed by the NSW Board of Studies, Teaching and Educational Standards (BOSTES) and is based on the Australian Curriculum. Our staff members are involved in a process of ongoing professional learning to develop their understanding of the new syllabus, this includes joint meetings with teachers at Terrigal High School to develop plans for the successful transition of our current Year 6 students into Year 7 in 2015. This has been necessary as new content has been added to the Stage 3 (Years 5 and 6) curriculum and we are ensuring that our students engage in this new learning before they proceed to high school. The teachers at Terrigal High School are also making plans to review the new Stage 3 content as part of the Year 7 mathematics program in 2015. The content in most other stages (Years K-4) remains relatively unchanged, however, some of it has been reorganised under different strands or substrands, an example of this is the addition of the new Angles substrand which contains content from the Two-dimensional Space substrand of the current syllabus.

A brief outline of the most significant differences between the current and the new syllabus can be found below:

Interested parents are encouraged to access further information using this link:

We are planning to run parent education sessions on the new syllabus later in the year. There is scope for these sessions to include information to enable parents to support their children’s learning. I am keen to know about the particular aspects of mathematics parents would like to learn about. Please contact me with suggestions.
